

*I'm not going to
BS you by
trying to make
your tragedy
"better," so I'm
simply going to
say:*

This sucks & I'm here.

Like, really. here—

Not only to pick up your
groceries or walk your dog,
but for all of the messy parts
that come with loss too:

Canceling appointments,
planning a funeral—

Even if you just want to
call me at 3am to vent or
cry or scream—

You name it, and I'm here.

-Always-
